

Shamrock Environmental Corporation (Shamrock) has been contracted to provide support personnel to assist with the oil spill clean-up throughout the Gulf Coast. Areas where work may be performed are **Louisiana, Mississippi, Alabama and Florida.**

ALL workers will require **OSHA** 40 hour Hazardous Waste Operator Training (**WE WILL PROVIDE**). Successful completion of a physical and drug screen also required. Each applicant must be 18 years of age or older. *The hours will vary but expect LOTS of overtime.*

RATE OF PAY: \$13.00 per hour straight time

\$19.50 per hour overtime (after 40 hours/week)

PER DIEM: \$26.00 per day for meals

LODGING: Provided

Work may include, but is not limited to, manual labor associated with removing crude oil from impacted beaches, rocks, boom, or any other items that have come in contact with the oil. Technicians may be required to operate pressure washers, mops, rakes, shovels or a variety of other hand tools or small pieces of equipment while wearing proper protective gear. Work Environment may include working on or near water, in marshland, beach and estuary locations in hot and humid conditions day or night.

Work is available IMMEDIATELY for safety conscious workers. Transportation to the Gulf Coast will be provided. The HR Group has been contracted to conduct this recruitment. *Applications MUST be completed at:
